

San Francisco International Airport Park 'N Fly – San Francisco

160 Produce Ave
South San Francisco, CA 94080
650.877.8438

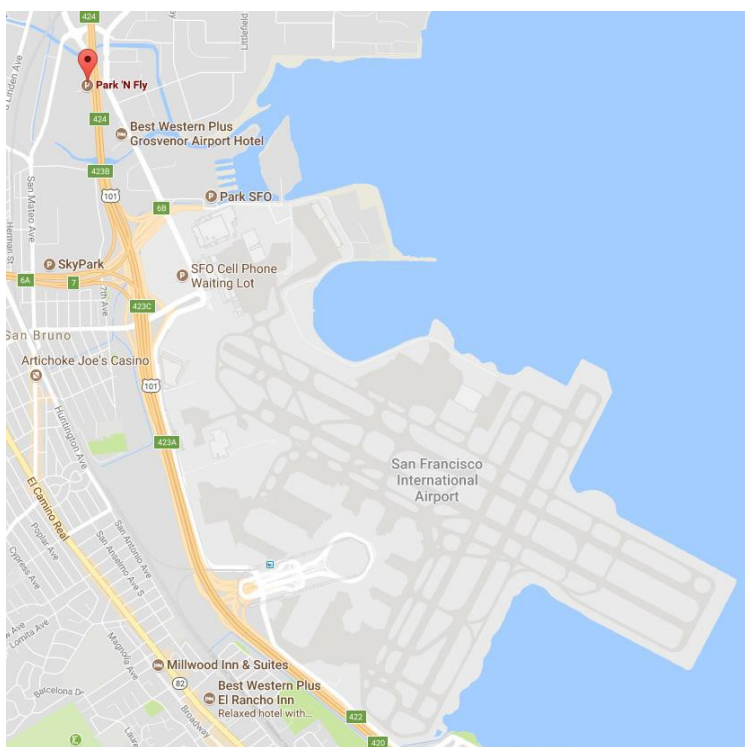

To Pick Up a Vehicle

Proceed from your gate or baggage claim to the off-airport parking shuttles area located at the center island of the Departures level roadway at all terminals. Look for the blue and white shuttle bus marked "Park N Fly" (shuttles run every five to ten minutes). Notify the shuttle driver that "Page One" has left a vehicle under your name and provide photo of your parking ticket/stub. The driver will stop at the Park N Fly valet gate where your vehicle will be parked and ready for you.

To Drop Off a Vehicle

Enter the Park N Fly facility and pull into the valet lane. Stop and wait for the Park N Fly attendant who will provide you with a parking ticket/stub. Take photo of parking ticket/stub and text or email it to your Page One Automotive contact. The shuttle driver will then drive you to your designated airline (allow yourself at least 30 minutes for this procedure).

In case of an emergency, please contact phone number 415.467.1000
